June 30, 2016

The University of Texas at Austin does not currently have a contract with a relocation services company. To obtain relocation services, you must follow University procurement procedures. The Purchasing Office can assist with identifying possible companies and facilitating the purchasing process. Please contact the Purchasing Office at 512-471-4266 for more information on the procurement procedures for relocation services.

Depending on the cost of the service, multiple quotes may be required. If the cost of the relocation service is $15,000 or less, only one quote is required; however, you are encouraged to obtain more than one quote to make sure you are getting the best service and price. If the cost of the relocation is over $15,000, three quotes are required. The University will utilize the company with the lowest cost.

Below is a list of companies that offer relocation services. Note: This is not an endorsement and there is no requirement to use a company on this list.

- Allied Van Lines, Inc.
  ➢ 800-689-8684
