

SEPT 1, 2016 - AUG 31, 2017

# FY2017

## METRICS AT A GLANCE

The University of Texas at Austin is the originator of many novel and useful discoveries each year as one of the nation's premier public research institutions.

The Office of Technology Commercialization (OTC) is responsible for the efficient transfer of University discoveries to the marketplace for the benefit of society. OTC promotes the University's research and education missions through active engagement with faculty, industry, and members of the entrepreneurial ecosystem to create maximum value from University-owned intellectual property.
